## School Department Budget Up 13% Over Last Year

### Salaries Are Big Factor

A school budget of \$1,469,286 - an increase of 13 percent over last year - has been approved by the School Committee, and will be acted on by the voters at town meeting.

The budget is higher than last year by \$172,448. Most of the increase comes in the salaries area, where increases were granted teachers and other employees of the system.

Even as the total budget climbed to a new record, estimated receipts also gained momentum. The town's free cash account will be enriched by \$196,818.96 during the next year, according to figures presented by Supt. Edward I. Erickson.

Although this amount is not reflected in the school budget, it normally is used in the following year to help reduce the tax rate.

### Doherty Will Seek Re-election

WILLIAM A. DOHERTY

William A. Doherty has announced his candidacy for re-election to the School Committee at the annual elections in March. Mr. Doherty has been a member of the School Committee for 30 years, serving the past 17 years as secretary of the Board.

Under the old nine-member Board, he served for 17 years as a member of the sub-committee on

**ANNUAL HEART BALL** - Beta Sigma Phi Sorority will sponsor the Heart Ball again this year, raising money for the Heart Fund. Meeting recently to address invitations to the event, scheduled for Feb. 10 at the Country Club, were, seated, Mrs. Howard Bond, Mrs. Jan Sanderson, Mrs. Henry Becker, Mrs. John McCarthy, Mrs. Robert

G. Kitson, Mrs. George Ainscow, Mrs. David Roberts, Mrs. Arthur Seikunas and Mrs. Weston D. Eastman. Standing are Mrs. Ralph J. Wirtz, Mrs. John F. Lyons, Mrs. Thomas Marjerison, Mrs. Richard A. Pangonis, Mrs. John Gillies, Mrs. Richard Homewood and Mrs. Sebastian S. Nicolosi. (Leone)

### Pits Threaten Water Supply

Protection of the water supply has become a major worry to officials of the town, in the face of three gravel pit requests near Haggards Pond, plus the excavation for Route 495 itself.

The problem has become more acute because the state has ruled that the town can not rule against the pits on the grounds that they may pollute the water.

On the other hand, if water pollution takes place, those responsible for the condition can be required to bear the cost of a remedy.

Water Supt. Donald Bassett has, in writing, informed the town manager and Selectmen of the problems confronting him, and suggests that at least one of the three requests be turned down, if this is possible.

Bassett said the most objectionable of the pit sites is a seven-acre lot very close to the stilling basin only recently installed by the state.

### Rogers Brook Job Slowly Moves Toward Construction

#### Village Residents

#### Will Discuss Power

Electrical supply in Shawsheen should draw a sizeable crowd to the meeting of the Shawsheen Village Improvement Society Feb. 15 in Sacred Heart School.

The 8 o'clock meeting will be devoted to this subject with representatives of the Electric Co. on hand to describe that utility's ideas on service. The town electrical inspector, Alex Ritchie, and members of the Board of Selectmen, will also be at the session.

The subject has remained alive for several weeks, following an initial hearing on a petition of the Electric Co. to install a pole on Stirling st. The Selectmen, hearing this request, at first postponed action for two weeks to find out whether there would be objections from residents of the street, or the Village as a whole. Although all residents of Stirling st. were notified of the hearing, none appeared at the first meeting.

When the subject came up a second time, the Board decided that

(Continued on Page 16)

Slowly, and sometimes uncertainly, the Rogers Brook reconstruction project seems to move forward.

The latest in snail-paced developments is a report to the Selectmen Monday night that some land takings will be filed as soon as proper plans, drawn on linen, are filed in the Registry.

Consulting engineers for the state are still drawing plans for land takings west of Main st., it was reported.

One of the latest small difficulties has been the unwillingness of the consulting engineers to draw these plans on linen, although this is the requirement of the Registry of Deeds and must be followed.

Town Manager Thomas E. Duff said the town is having this work done - at a cost of \$27 - because such a trivial stumbling block should not be allowed to interfere with completion of all the plans.

Some weeks ago it had been thought that the plans were complete for the land takings, and the Selectmen signed many of them.

Then Town Counsel Fredric S. O'Brien pointed out that more detailed and specific drawings are needed when takings involve property that has been through land court. It finally was arranged to

### Patch Testing Program Feb. 6

A tuberculin testing program will be conducted for Andover public school students in grades 1 and 9, and 11, Feb. 6.

The consent of parents is necessary for a pupil to participate in the program. Consent slips have been distributed this week and must be returned by Tuesday, Jan. 31.

The vollmer patch test will be used in the testing program. A specially treated strip of adhesive which contains harmless tuberculin protein material will be applied to the skin. This patch must be kept dry and undisturbed for two days to insure a valid reaction.

There may be a reaction in some cases. This reaction does not mean that the student has tuberculosis. It means that at sometime the student has been in contact with an individual who has the disease. A chest x-ray of all positive reactors will be taken by a technician from Essex County Sanatorium.

This program is part of a county-wide tuberculosis control program and is sponsored by the Andover School and Health Departments, Essex County Sanatorium, and the Essex County Health Association. Funds from the annual Christmas Seal campaign help pay for this service.

## Dance Group Met To Make Posters

Members of the Folk Dance group of the International Institute, a United Fund agency, met recently in the home of Mr. and Mrs. James

Christopher to make posters publicizing their weekly dances now held Wednesday evenings at the North Andover Community Center. The products of the "Poster Party" have been placed in leading markets and libraries of the Greater Lawrence area.

The Folk Dance group, led by Conny and Maryanne Taylor, was formed over a year ago. Since

then many people have enjoyed the classes. Everyone is welcome whether attending as a couple or as a single person. There are dances not requiring a partner, dances for two men and one girl or two girls and one man, circle dances, line dances and couple dances. Newcomers are always made welcome. No previous knowledge of dancing is necessary as dances are carefully taught step-by-step each week.

Those who worked on the posters included Mr. and Mrs. A. M. Wilson of Cheever cir., Mrs. Dorothy Brown, Abbot Academy; Mr. and Mrs. Leon Wilde of Chandler cir.; Miss Emily Owen of Stevens cir.; Mrs. Christopher Sherman of Haggitts Pond rd.; Gaspar Jako and Mr. and Mrs. J. W. Christopher, hosts. Miss Owen is also an active folk dancer at Cornell University, where she is a graduate student in Home Economics.

## British Peer To Speak At Abbot

ANTHONY W. BENN

Anthony Wedgwood Benn, known in England as the "reluctant Peer", will speak at Abbot Academy Jan. 14 at 8 p.m.

His topic will be "A Britisher Looks at the African Revolution". The public is welcome to attend.

Mr. Benn was a Labor Party member of Parliament for Southeast Bristol until he inherited a peerage on the death of his father. That automatically ceased his membership in the House of Commons, and Mr. Benn has been fighting to regain the seat.

## Shea Appointed By Bradford

The appointment of Bernard D. Shea of Andover, as director of development at Bradford Junior College, was announced by Gerard O. Carlson, president of the Board of Trustees.

Mr. Shea assumes leadership of the development office recently established at Bradford. He will be responsible for over-all planning and execution of long-range land raising projects.

Bradford's new development director was formerly with the National Council of Independent Schools in Boston. He held positions in educational public relations with the Career Information Service of the New York Life Insurance Company in New York and in Dallas, Texas, where he was headmaster of the Hockaday School, a college preparatory school for girls.

Mr. Shea lives here with his wife and three children. He served active duty with the Navy during World War II and the Korean War and holds the degrees of A.B., A.M., and Ph.D. from Harvard University.

**EXPENSE or SAVING?**

When you accept stamps at any of the grocery stores giving them, do you realize that you are thereby adding to that store's cost of doing business? Such stores have to buy for cash the stamps they give you "free". For that reason, stamps are an item of expense.

We have no such expense at the CO-OP because we don't buy stamps. We buy the best grocery values on the market. We run our store as economically as possible. Then we return any savings as a CASH REFUND to our member shoppers.

Stamps or CASH? Expense or Saving - which do you want?

Start the new year right - start shopping CO-OP right now. And you can be eligible for a whole year of CASH Savings.

IMPROPER IDENTIFICATION - This is the home belonging to Mr. and Mrs. C. Newman Machen, 2 George st., which was attractively decorated for the holidays. The owner was improperly identified under the original photo, which ran in the Townsman a week ago, because the property changed owners during the year, after the street list was printed.

**ROGERS BROOK  
PROJECT COMING**

(Continued from Page One)  
have the consulting engineers do this work at the state's expense. After many months, even years,

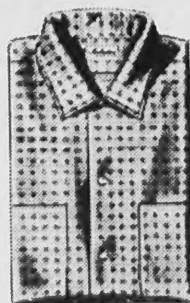

of hesitant progress, it is believed that the town may be nearing a solution to this old problem. It is predicted that bids can be sought as soon as the final land-taking plans are filed, and construction

could begin in the not-too-distant future.

If it comes to pass, the town will have licked a problem at least 15 years old.

The Brook was a subject of considerable agitation and interest to the Board of Public Works in 1958. In the Andover Townsman of that year, it is noted that the Board was considering how the Brook could be improved. A news story in January of that year explained that the Board was hesitant to spend the money required to do the thorough reconstruction job, involving lowering the Brook bed three feet along its length.

The same story mentioned that the overflow problems along Chestnut st. had not been so severe for the seven or eight years before that time, because of a thorough cleaning of the Brook bed.

this year are somewhat higher than  
for a year ago. The receipts in 1960  
were \$167,455.26. Most of this  
money comes from the state, with  
the largest share being paid back  
to the town from the general fund.  
Other state sources of income are  
reimbursements for transportation,  
special class payments, vocation-  
al school reimbursement and state  
ward tuitions. Some income is  
derived from rentals, shop  
supplies, etc.

Looking through the proposed  
budget, and comparing the figures  
with the appropriation a year ago,  
salaries for all employees of the  
department are the biggest factor  
in the 1961 increase. Budgeted for  
this purpose are \$1,169,158 - an  
increase of slightly over 10 percent  
over last year's \$1,036,134.

Included is a five percent in-  
crease for secretaries and custo-  
dians. This figure may be adjusted  
upwards, however, if other em-  
ployees of the town gain their  
requested 10 percent raise in pay.  
If the town votes 10 percent ad-  
justments in other departments,

another \$98,397 must be added to  
the school budget.

Teachers salaries have been  
approved by the School Committee,  
on the basis of a new salary sched-  
ule. Most teachers will receive  
\$200, under the schedule. Allow-  
ances have also been made for  
merit increases, payment for  
master's degrees, increased  
athletic salaries and the equivalent  
of 81/2 new teachers needed  
throughout the system.

One new position - that of main-  
tenance man - has been included  
in the budget, at \$4,500. If a per-  
son is appointed to this post, he  
would be responsible for much of  
the maintenance now done by cus-  
todians on an overtime basis. How-  
ever, member John Sullivan  
questioned whether there would be  
any actual savings in money. The  
Committee agreed that the amount  
should be retained in the budget,  
but postponed a decision on whether  
to fill the job or not.

In other budget areas, remain-  
ing expenses of the department  
went up about 1.2 percent. Most  
significant increases occur in the  
textbook and supplies item, with  
a total of \$48,000 required this  
year, compared to \$43,000 a year  
ago. Plant operation and main-  
tenance expenses went up only  
\$1,000, to \$123,300. Auxiliary  
agencies - libraries, health, trans-  
portation and tuition - went from  
\$71,534 to \$77,933. Transportation  
was the biggest factor in this in-  
crease.

Insurance, budgeted for the first  
time this year, was responsible  
for 1.15 percent of the over-all  
increase. Some \$15,000 will be  
needed for the contributory in-  
surance program, which last year  
was paid for from the general town  
budget. Supt. Erickson said the  
town manager wanted to have the  
school department's share of this  
insurance appear in the budget  
separately.

Summer school, another new  
expense item, amounts to \$7,500.  
Last year, the first year of this  
venture, the school was run on a  
private basis because there was  
no money for it in the budget. It  
is anticipated that at least \$7,000  
of this amount will come back to the

town in tuitions from pupils taking  
the summertime offerings.

**Hall Voted  
Best Scout**

Boy Scout Troop 76 spent the  
past weekend at McGee Lodge,  
Camp Onway, Raymond, N. H.  
Scoutmaster James Butler and  
Alfred Smeltzer were with the boys  
for the entire weekend and Donald  
Dustin and Mr. Wrigley spent  
Saturday with the Troop. The  
scouts left Friday afternoon by bus  
and returned home Sunday.

Scout Robert Hall son of Mr. and  
Mrs. Ernest Hall of Chester st.,  
Ballardvale, was on his first camp-  
ing trip with the scouts, and has  
been a registered scout for a week.  
He was voted, by the boys and  
adults, as the best scout, accord-  
ing to the scout law and oath for the  
weekend.

Scouts attending were Edward  
Smeltzer, Harry Dustin, Henry  
Wrigley, Donald Wrigley, Bruce  
Spencer, Richard Cignoni, Bruce  
Moody, Robert Hall, John Cross-  
ley, Richard Stoddard and Teddy  
Demers.

**Lawrence Will Talk  
To Church Guild**

The Ballard Vale United Church  
Guild will have an open meeting,  
to which the public is invited, Jan.  
19 at 8 o'clock in the church vestry.

Clifford Lawrence, local man,  
who is a teacher at the Perkins  
Institute for the Blind, will give  
a talk concerning the school. He  
will bring with him a film entitled  
"The Perkins Story". He will also  
have a tape recording with pictures  
of the activities of the school.

Refreshments will be served by  
Mrs. Albert Warner, Mrs. Willard  
Myers and Mrs. Raymond O'Don-  
nell. Mrs. William Batchelder will  
have charge of the devotional  
service at the meeting which will  
be held following the speaker.

**BIBLE CLASS AT  
SOUTH CHURCH**

Dr. Allan G. Gillingham will be  
the leader for the adult Church  
School class beginning this Sunday,  
Jan. 15, at 9:30 at the South Church.

Dr. Gillingham's topic is "A  
Study of the Book of Mark". The  
course is being given in response  
to the repeated requests for a Sun-  
day morning Bible course. It is not  
necessary to register in advance as  
there are adequate facilities avail-  
able.

**Many Heard Lecture  
On Andover Home**

Roland B. Hammond of North  
Andover was guest speaker to a  
near capacity audience at the Pea-  
body House Jan. 5, under the aus-  
pices of the Andover Historical  
Society.

Since his subject was "Inside  
an 18th Century Andover Home",  
Mr. Hammond first described the  
home of Samuel Johnson, read and  
explained an inventory of the  
furnishings of the home, and then  
illustrated his lecture with slides  
and artifacts. Mr. Hammond, who  
is recording secretary of the North  
Andover Historical Society, has  
played an important role as con-  
sultant in the restoration of the  
Parson Barnard House, in that  
town, and in the purchase and res-  
toration of many furnishings for  
museums including Essex Institute  
and Crowninshield-Bentley House.  
He is also a donor to the Win-  
thierthur Museum in Delaware.

**Grangers Active  
Last Week**

The Help Along Club of Andover  
Grange met last Thursday evening  
at the home of Mr. and Mrs. The-  
odore Peterson on Pine st.

Friendship Pomona Grange 11  
met last Saturday evening with  
members of Bradford Grange. Sup-  
per was served at 6 and in the  
evening, several members of the  
Massachusetts Association for Re-  
tarded Children spoke of the work  
of the Group and slides were shown.

Those who attended from An-  
dover Grange were Mr. and Mrs.  
Floyd Darby, Mrs. Marilyn Ger-  
meil, Mr. and Mrs. Albert Heim,  
Mr. and Mrs. Alex Henderson and  
Mr. and Mrs. Theodore Peterson.

**Radcliffe Club Will  
Meet Saturday**

The Radcliffe Club of the Mer-  
rimack Valley is holding its fifth  
annual winter luncheon at Field-  
stones in Andover, Jan. 14, at  
12:30.

The speaker will be Herbert R.  
Erickson, operations manager,  
Resinite Department, Borden Chem-  
ical Co. of North Andover. His  
topic will be the "Wonderful World  
of Plastics". Mr. Erickson has  
had 18 years of experience in this  
field and has had a number of items  
published on the application of  
plastics to medical uses.

Among those attending will be  
Mrs. Francis McCarthy, Mrs. Al-  
bert Rothseid, Miss Julia  
McCarthy of Lawrence, president,  
Mrs. Salvatore Basile, Mrs. James

## EDITORIAL THOUGHTS

### A Real Saving

Town Manager Thomas E. Duff and Water Supt. Donald Bassett, and the voters who supported them at the town meeting last March, are to be congratulated.

When they proposed, and the voters adopted, an article for the expenditure of some \$12,000 to lay a big water pipe underneath Route 495 at the time of construction, a substantial saving resulted.

The pipe is now being installed — some 290 feet of it — at a cost that will approach \$10,000. The cost of this project in the future, once the road is constructed, would have been at least \$39,000.

This major water installation is part of the master plan for our water system — and will be the main carrying line for water from the mouth of Fish Brook to the Haggetts' Pond reservoir. Most predictions indicate that this source will be needed in about five years. Of course, additional pipe will be installed at that time, but this connecting link will be in place, at a cost substantially less than would be the case five years from now.

This forward-looking step deserves our attention and our appreciation.

### Gravel Pits - A Potential Menace

The great rush for gravel pits is underway.

As predicted during the past two years, construction of Route 495 is producing the demand for permits to remove gravel — and the town should be extremely cautious in granting them.

There are cases in which the town's watershed at Haggetts' Pond is threatened; there are still other locations that might turn into great sunken amphitheatres, if removal is allowed.

Thankfully, the Selectmen appear to be aware of the problems. Through the sub-committee on gravel pits — with Selectmen William Stewart, James D. Wilson and Russell G. Doyle — a careful inspection of all proposed sites is carried out. Petitioners have to provide adequate maps, stake out the areas and provide reasonable assurance that the work will be done in conformance with rules and regulations laid down by the town.

Hearings are being held properly on all the requests, unlike the situation just over three years ago when at least one controversial pit was allowed, without a hearing.

As in so many problems confronting the town, the gravel pits that may become eye-sores are those, in general, that are being requested by high-powered construction firms who do not have any special sense of loyalty to the community. They're here only as long as they must stay to complete a job, then they take off. Under these conditions, some firms do not intend to do any more than they are forced to do in terms of restoring areas to a proper grade, loaming and seeding.

To date, we believe, the Selectmen have been doing a thorough job.

Now they must be even more careful in their approach to requests for gravel pits.

If the members of the Board feel that the town would be, in any way, defaced; or if any of its natural resources such as the water supply are endangered, there should be no hesitation in saying a forceful "No" to the petitioners.

We believe the town will be heartily in accord with a tough policy, even though this may, at some times, be inconvenient to the contractors building the highways. Long after these people are finished in the town, we'll have to put up with the results of their work — so let's be certain that stringent control is exercised.

### Make Use Of Experts

One of the proposals made recently by the manager makes a lot of sense — he suggests making the tree department a separate entity as far as its professional work is concerned.

The town is lucky to have one of the few certified arborists in the state working as foreman of the tree department. Thus it seems sensible to put him in charge of that department, so that his extensive knowledge and experience can be used to best advantage.

The manager has also proposed that this separate tree division or department remain under the general control of the department of public works. This will give the superintendent an opportunity to use the manpower during storms, when all hands must work on plowing, sanding, etc.

This seems to be a logical division of authority, leaving the tree department alone, under its own capable head, except in times of emergency.

## Buying, Selling Or Improving Your Home

(This is one in a series of articles on federal income tax filing. These articles are based on information provided by the Massachusetts Society of Certified Public Accountants.)

In today's economy, with constantly rising prices and land values, it is quite common for the family man to look upon his home as an investment. Not that he entertains the idea of selling it necessarily, but at least he knows that it will probably climb in value, and that he could then sell it if he wanted to. However, as an investment, the ownership of a home differs in many respects from the ownership of stocks or bonds, and these differences have important tax implications that you should be aware of.

#### Changing Your Residence

If you sell your house (which is your principal residence) at a profit and move to a new house, you may not have to pay tax on the profit. Let's say you bought a house five years ago for \$15,000, which you sold last year for \$20,000. Since you held the house for more than six months, the profit of \$5,000 is taxable as a long-term capital gain at a maximum rate of 25 per cent. However, if you move into a new house either one year before or one year after the sale, and if the new house costs \$20,000 or more, then you pay no tax on the \$5,000 profit. If you are having the new house built for yourself and construction begins either one year before or one year after the sale of the old house, then the period of replacement is extended to 18 months from date of sale, providing you occupy it within that period.

The important point here is that the new house must cost as much or more than the amount you receive for the old house. If it cost only \$19,000, you must pay the long-term capital gains tax on the balance of \$1,000. The amount received for the old house is the selling price less expenses of sale (such as commissions, advertising and legal services) and may be further reduced by certain types of "fixing-up" expenses incurred shortly before the sale, as discussed below.

You could actually sell your house at a profit and buy a new one every few years without paying a tax on the profit, but you aren't really avoiding the tax, you are merely postponing it. The cumulative gain will be taxed when the last house is finally sold without being replaced (unless the house is not sold until after your death, by your heirs or estate). The total cost on which the gain will be figured will be the amount you have invested in the house over the years. For example, you originally invested \$15,000 in a house. You sell the house for \$20,000 and buy a new one for \$22,000. Your tax cost for the \$22,000 house is now \$17,000 (\$22,000 less the gain of \$5,000 on the sale of the old house.) Whatever you sell it for above \$17,000 will be a taxable gain.

If you sold your house during the year and haven't yet purchased another, but plan to do so before the replacement period elapses,

you must give the details of the sale on Schedule D of Form 1040. You need not report the gain. When you do replace your house within the required period, you should advise your local District Director of Internal Revenue in writing. If you change your mind and decide not to buy another house you must file an amended return for the year of sale of your old house to report any gain.

#### Expenses Of Owning A House

A home owner is usually in a more advantageous tax position than a person who rents. This is because home owners who elect to itemize their deductions rather than use the standard 10 percent deduction are allowed to deduct interest and property taxes paid during the year. They can also deduct the loss on damage to their house and grounds resulting from a fire, storm, earthquake, or other casualty (this was discussed in the first article of the series.) Taxpayers who rent their homes from others undoubtedly are paying for these costs by rent, but they cannot claim any tax deduction.

#### Home Improvements & Repairs

Repairs to your home are considered personal expenses. They are not deductible, and for tax purposes, do not increase the cost of your house. Although repairs and maintenance costs are not deductible, they can be used to reduce the amount which must be spent on a new house in order to postpone payment of tax on the gain. However, this only applies to such costs if they are incurred within 90 days before contracting to sell the house, or paid within 30 days after.

Improvements to your house are not deductible either, but they do increase the cost of your house. This is an important point to remember when planning to sell your house. To determine the amount you will gain from the sale of your house, add the cost of improvements you have made to the original cost of the house and subtract the total from the selling price. If you bought it for \$15,000, added \$2,000 worth of improvements, and sold it for \$20,000, your gain would be \$3,000.

When you invest in a home, it is almost like investing in a business. To be able to take advantage of the legitimate tax considerations you are entitled to, you will need to keep accurate records of your various expenditures. So don't forget to save your paid bills from year to year.

### Town Has Placed Trailer At Dump

A surplus trailer, obtained through Civil Defense, has been set up at the dump, for the use of the attendant.

The Selectmen have also been informed by the manager that a corrugated metal building will be constructed there to house the bulldozer.

Under present planning, it is intended to ask the voters at town meeting to purchase a heavier bulldozer than the town now uses.

### Down the Years with The Townsman

#### 50 Years Ago — January, 1911

Last Friday evening a new castle of the Knights of King Arthur was instituted at the South Church, under the name of Gettysburg Castle. Lester E. Sturtevant is Merlin.

Dr. Charles will open an office for the practice of dentistry in Andover next week, after 14 years of practice in Exeter, N. H.

A. N. Lincoln of Boston, grandson of the late Varnum Lincoln of this town, has taken a two-year lease on the house on Barter st., owned by Charles L. Curtis.

The Woman's Union of South Church has purchased a Dumble Pneumatic Cleaner for use in the Church buildings.

Ralph A. Bailey of Andover was elected steward of Essex Pomona Grange at Haverhill last week.

Members of the South Church met for the 200th annual supper and business meeting Wednesday evening.

George M. Carter was installed as master of the Grange Tuesday evening, with E. A. Emerson of Haverhill as installing officer.

The Punchard hockey team defeated North Andover, 1-0, Wednesday. Collins scored the only goal.

#### 25 Years Ago — January, 1936

The BPW and School Committee have been advised that Andrew Basso intends to terminate the agreement he has held with the town for some time, by which baseball players on the Playstead may retrieve balls hit over the fence on his land. The town meeting has voted \$100 annually for several years for this agreement. The notice led School Board Chairman Frederick Smith to suggest that the land should be acquired by the town anyway, due to the growing school population and expanded athletic programs.

The BPW is considering the perennial problem of Rogers Brook but nothing definite has been decided. To do what should be done would cost considerable money. It was reported that the length of the Brook from Main st. to Morton st. should be lowered three feet, and then lined with concrete. The Brook was cleaned last year along its entire length, and has behaved much better than at any time in the past six or seven years.

Many signatures are being secured on the petition to the state to compel trucks to use the By-Pass, because of the noise and safety hazards they are alleged to bring into the center of the town, as they use Main st.

Edward W. Burrill was unanimously elected moderator of the West Parish for the 40th time, at the annual meeting last night.

Welfare costs were higher last month than at any time in a two-year period. Dr. J. J. Daly said many men, currently out of work, are now ineligible for the WPA projects, and must be taken care of by the welfare department. All able-bodied men are put to work on BPW projects, using welfare funds. Many men, who can not be used on the jobs, are hoping for severe snow storms, to provide jobs.

#### 10 Years Ago — January, 1951

Two Lawrence boys were burned, one seriously, in a flash fire at a camp at Crowley's Grove on the bank of the Merrimack River in West Andover Tuesday afternoon. The boys said they were hunting and found the camp door open. On entering, the door slammed shut, they stated. Then when they lit a match, the place exploded. The boys ran out into the snow to put out the flames in their clothes, then walked to Tewksbury st., Lawrence, for help. Police said fumes from a gasoline lantern, apparently had filled the structure.

The town parking meters collected \$10,267.89 during the past year, slightly over \$300 less than the previous year. The town owns the meters now, and all the income goes into the local meter fund.

Albert Cole Jr. has decided to stay with the Civil Defense job, now that a national state of emergency has been declared.

## Economic Diplomacy Is League Topic

Economic Diplomacy at home and abroad will be the subject for discussion Jan. 17 and 19, by the League of Women Voters.

Despite a general public acceptance of the need for world development, despite the leadership of influential Americans in and out of government on behalf of economic development assistance, there is still irresolution in the formulation of U.S. foreign economic programs of trade and aid and in the appropriation of monies for economic development.

The irresolution stems in part from a kind of "conflict of economic interest" and "conflict of political attitude," according to the League. These conflicts represent concern over the proper function of government, over what we can afford to do as a nation, over programs which may displace certain industries and work hardships on communities. They also represent concern over the best ways and means to assist in the job of economic development.

The Andover League group, under the chairmanship of Mrs. Paul Crane, has been studying the present crisis of the imbalance of payments; how to finance economic development adequately and effectively, and how private United States investment can best be promoted in the developing countries.

The discussion group will try to find some answers to questions such as: Are programs being designed to fill long-range commitments? Are they providing sufficient funds to insure progress toward self-sustained economic growth? Is the sharp outflow of gold being stopped and how?

Meetings will be held at 9:45 Tuesday, Jan. 17, at Cooley House Phillips Academy; 7:45 p.m., Tuesday, Jan. 17, at 36 High st., home of Mrs. Roy E. Coombs; 9:45 a.m. Thursday, Jan. 19, at the home of Mrs. Carleton Clift on Sunset Rock rd., and 7:45 p.m. Thursday, at 14 Castle Heights rd., home of Mrs. Daniel Frishman. League members and others interested are urged to attend.

## ADULT READING

The Ballardvale Reading group will hold its first meeting Thursday, Jan. 19, at the home of Mrs. Robert Mitchell, 12 Tewksbury st.

The ladies of the town are invited to attend. The book list and books are now available at the Ballardvale Branch Library. This group is being sponsored by the Ballardvale United Church.

## Wedding...

### CUMMINGS.—HOWE

Miss Linda Lee Howe, daughter of Mr. and Mrs. Richard F. Howe, 2 Robandy rd., and Thomas H. Cummings Jr., son of Mrs. Thomas H. Cummings, 418 Lowell st., were united in marriage recently in St. Augustine's Church. The Rev. Thomas J. Tevington, O.S.A., officiated.

The altar was banked with white poinsettias. Margaret Campbell sang the nuptial music, accompanied by Mary Lanigan at the organ.

Escorted by her father, the bride wore a full-length bouquet taffeta gown with a fitted bodice of re-embroidered Alencon lace etched with pearls, a sculptured scoop neckline and three-quarter length sleeves. The bouffant skirt terminated in a chapel length train. Her finger tip veil of illusion was caught to a matching coronet of taffeta trimmed with pearls. She carried a crescent cascade of carnations.

Mrs. Carl J. Holt Jr., was matron of honor for her sister and Miss Elizabeth Cummings, the bridegroom's sister, served as bridesmaid.

Both wore gold dresses featuring velvet bodices and brocade skirts. They wore matching accessories and carried nosegays of white carnations.

The mother of the bride wore a red velvet dress and the bridegroom's mother wore royal blue satin.

Christopher Cummings was best man for his brother and the usher was Richard Howe of Andover, brother of the bride.

Guests from Rhode Island and New Hampshire attended the reception, held at the Andover Inn.

The new home is at 41 Elm st.

The bride is a graduate of Andover High School and is attending John Robert Power's School in Boston. She is employed at Avco.

The bridegroom is a graduate of East Providence High School, East Providence, R. I., and attended Bryant College, Providence, R. I. He is attending Salem State Teachers College.

### Gave Blood For Open Heart Surgery

At the request of the Children's Medical Center in Boston, the Red Cross collected pints of whole blood this week for an open heart operation performed on a boy from the western part of the state.

The experienced donors who met the small bloodmobile unit at the Andover chapter house to offer their gift of blood were Louise G. Penick, Thelma F. Carmichael, Geraldine Piercy, Helen S. Barrett, John Avery Jr., John W. McCarthy Jr., Jean S. Dalton, Frank R. Hayes, Robert N. Herrick, William M. Urquhart, Nancy A. Brown, Harold O. Freeman, Kathleen Matthews and Betty Cole.

This is the second year that the Massachusetts Red Cross is undertaking the job of supplying blood for the heart surgery of children at the Children's Medical Center, one particularly difficult because patients come here from all over the nation and the world; and because the blood must be used within 24 hours, and must be prepared differently from blood collected at the usual blood-

mobiles. The number of assisted volunteers needed is large in relation to the small number of pints collected. The assistants were Mrs. William N. Perry, Mrs. Roger Whitcomb, Mrs. Richard Lux, Mrs. Fraser Colpitts, Mrs. Joseph Paulekas, Mrs. William O'Reilly, Miss Irene McCarthy, Mrs. Frank Crawford, Mrs. Dan Penick, Mrs. Leon Field, Albert Wade and Dr. Robert Ramsdell.

### School Menu

The public school menu for next week follows:

Monday - spaghetti with tomato meat sauce, buttered wax beans, Italian bread and butter, cheese wedge, peach upside-down cake with topping and milk.

Tuesday - fruit juice, pepper steaks on buttered bun, corn, potato chips, fruit cake and milk.

Wednesday - turkey fricassee on mashed potato, peas and carrots, Vienna bread and butter, cherry crisp and milk.

Thursday - cafeteria baked beans with frankfurts, cabbage and carrot salad, Vienna bread and butter, fruit and milk.

Friday - oven fried fish, whipped potato, buttered beets or green beans, bread and butter, pudding and milk.

## Meet Tonight On Youth Center

Over 100 enthusiastic teenagers attended an organization meeting for the proposed teen center in Andover Jan. 4.

The meeting, presided over by William Dalton, president of the Student Council, was conducted by the students. Talks were given on the various phases of the program: location, rules and regulations, finances, house and grounds maintenance. A musical group called The Four, consisting of Joan Ellen Simeone, Albert Comeau, David Currier and John Bellilo entered.

tained. Miss Pamela Prendergast gave her prize winning essay on Recreation.

Student committees were formed. Co-chairmen of these are as follows: Location, William Dalton and Frances Jordan. Constitution and by-laws, Malcolm Sandberg, Pamela Prendergast, Edith Robins, with a sub-committee of Virginia Neunzer, Virginia Perry and Betsy Chase; House and Grounds, Robert Young, Judy Parshley, Martha Freeman, Bill Roversi, Jane Williams and Danny Porter.

Student chairman and adults interested will meet in Room 213, Junior High School, Thursday, Jan. 12, to continue planning the center.

## DOHERTY SEEKING RE-ELECTION

(Continued from Page One)

buildings and grounds, 16 years as its chairman. During the years, he has served on several sub-committees, revision of rules and regulations of the school department, committee on physical education and athletics and the special committee on the Shawshen School grounds.

Mr. Doherty has a perfect attendance record for attending

school committee meetings, 575 regular and special sessions over the three decades. He has served with 37 school committee members and three superintendents of schools. He had an active part in planning the Junior High School, the Memorial Auditorium-Gymnasium and the Central Heating Plant, also the additions to the West Elementary and the Shawshen Schools.

For the past 21 years, Mr. Doherty has worked with the High School Girls Band. He is a former Scoutmaster. He served four terms as president of the Punchard Alumni Association and for 20 years on the association's executive committee.

Mr. Doherty founded the Doherty Insurance Agency, Inc. and the Doherty Realty Agency, Inc. and is now associated in the insurance and real estate business with his two brothers, Joseph B. and James D. Doherty. He resides at 15 Chestnut st. with his wife, Mrs. Muriel Shaw Doherty, former librarian in the Junior High School Library, and their son, Thomas, also Mr. Doherty's mother, Mrs. William J. Doherty.

The Rev. Richard Carter and Mrs. Carter are spending the winter months in Lakewood, Fla., where Mr. Carter is interim pastor of the First Congregational Church for the winter months. Mr. Carter is brother of Mrs. Karl Haartz of High Plain rd.

## WORRY ABOUT DRINKING WATER

(Continued from Page One)

This was designed to fill the watershed from the construction area long enough for gravel to sediment to drop out. The suggested pit is so close, Bassett explained, that the disturbed area and gravel, held in suspension by the run-off from the area, might get into Haggerts Pond in large quantity.

The largest of the three pits requested on Wood Hill, where some 18 acres are involved, Bassett told the Selectmen that although posing a problem, it is farther away from the water basin and probably can be controlled. A third site, on the side of the Pond farthest from the water intake, is of little concern compared to the others.

Bassett said the state, which bears on over-all responsibility towards the water supply of the community, has cited an example in which the state was forced to put in temporary filtering equipment to protect a water supply. The cost of this measure could be passed along to the responsible party, it was started.

The assignment of responsibility for such a condition was being discussed, and several of the Selectmen agreed that such criteria should be established against which the water can be compared in the future, as a means of proving that it has been harmful.

It was also agreed that if the Wood Hill pit is allowed, it will be approved in such a way that portions of the work can be done at any one time. This would give the town a chance to step in and stop the work, if this proves necessary, before the entire project is completed.

Two other gravel pit requests were given a legal hearing by the Selectmen Monday night. These plus the three under discussion all concern the M. DeMatteo Construction Co., which is building a section of Route 495 that intersects with Route 93.

The first hearing took up a portion of land owned by Maritz Adams off Greenwood rd., on the north side of the proposed interchange with Route 93.

In the second hearing, a request was made to take gravel from the acres of land on the west side of Route 93, at the interchange with Lowell st. An adjoining parcel already been used for this purpose. The land belongs to Fred W. Doyle. The Selectmen will view these areas Saturday morning.

## Over 3 Million In Construction

The estimated value of all construction in the town of Andover in 1960 is \$3,000,415, according to Building Inspector Ernest N. Duff. In a year-end report to Town Manager Thomas E. Duff, he listed the value of additional alterations as \$624,676.

Thus the total combined value of building permits issued during the year was \$3,625,091.

Broken down by months, the building inspector's report shows January, \$32,200 new construction; \$18,225 in additions and alterations; February, \$178,000; \$165,711; March, \$35,000; \$54,150.

May, \$333,800 new and \$24,400 additions and alterations; June, \$733,850 and \$53,355; July, \$300 and \$86,675; August, \$60,000 and \$60,960; September, \$1,900 and \$21,900.

October, \$220,950 in new construction, plus \$7,975 for additions and alterations; November, \$140 and \$28,337; December, \$94,200 and \$17,222.

## Great Books

The reading for the Great Books  
meeting of Tuesday, Jan. 17, is to  
be Locke's "Letter Concerning  
Toleration". All interested in  
books and good discussion are in-  
vited to enter the group at any  
time. Meetings are held in the  
Memorial Hall Library every other  
Tuesday at 7:45 o'clock.

## Littlest Listeners

The Cardinal group of Littlest  
Listeners will meet at the library  
Wednesday morning, Jan. 18, at  
10 o'clock for their usual story  
hour. The children are in their  
temporary quarters at present.Ballardvale little people will  
meet for their story hour Thurs-

to self-assertiveness, and the  
sudden changes that come in  
usually gentle young people to a  
destructiveness that puzzles  
parents. The group assembles at  
10 o'clock in the morning.Selectmen Will  
Study BudgetsThe Selectmen will begin con-  
ferring with department heads next  
Monday night, as the annual  
examination of the municipal  
budget gets underway.Town Manager Thomas E. Duff  
forecast a budget of at least  
\$1,773,000 — without including, as  
yet, such items as pay raises for  
town employees and some needed  
equipment. By the time next Mon-  
day rolls around, Duff said the 1960  
expenditures should be totalled  
completely. Firms have until Jan.  
10 to submit final bills, and this  
makes it impossible to see exactly  
how much has been spent in each  
department prior to that date.The Selectmen are planning to  
reserve alternate Monday nights  
for discussion of the budgets,  
meeting with three or four depart-  
ment heads an evening until the  
document has been thoroughly ex-  
amined. A meeting with the Finance  
Committee will follow, when that  
group has also had the chance to go  
over the financial data.The Board will continue to meet  
every other Monday night for the  
conduct of regular town business.Drama Group To  
Meet TomorrowThe next meeting of the Drama  
Department of the November Club  
will be held at the home of Mrs.  
Ernest Wilkinson, 58 Osgood st.,  
North Andover, Friday, Jan. 13, at  
2 p.m.Mrs. Samuel S. Rogers will

### Andona Society In Fund-Raising Event

Friday evening, Jan. 20, at 8:30, the Andona Society will sponsor an English movie entitled "The Mouse That Roared".

The film will be presented at the Andover Playhouse and tickets are available from any member of the organization and will also be sold at the box office. This is the society's first project of the year. Proceeds are donated to the Andover Youth Center.

Mrs. Edward Murphy and Mrs. James D. Hamilton are co-chairmen of the affair.

a general discussion of poles vs underground service would be desirable, and asked the SVIA to call a meeting for the purpose. Inspector Ritchie informed the Board at that time that additional power is badly needed in the Village. He described arrangements in which the source of power enters one house, and the houses on either side are fed from it. This gives one home owner privileges to shut off power to his neighbors, and is generally undesirable, he felt.

He also accented the cost factor, explaining that the cost to the property owner, for an electrical service from underground sources, would be about double the change for a service coming from a pole.

### Legros Family Fund At \$312

Just over \$312 had been donated to the Legros fund through Tuesday, according to William F. Hickey, who has been handling the fund.

Mr. Hickey, at the Bay State Merchants National Bank, said checks should be made out to "The Joseph Legros Fund" and sent to him at the Bank.

Donors, in addition to the list published last week, were Mr. and Mrs. W. W. Rhoads, William Arnold, Mrs. Byron Cleveland, James Holihan, Elizabeth Lowe, Isabelle C. Apteker, Daniel T. and Shirley A. Sullivan, Donald Danforth and Mrs. Harold Johnson.

Several gifts were received from residents who wish to remain unidentified. Mr. Hickey said one such donation appeared to be a neighborhood collection.

### Talk On Nepal At South Church

Alpha Phi Chi Sorority of South Church will hear about Nepal tonight, when Dr. John Humphries of Avco lectures on his trip to that country as a member of the Harvard University Mountain Climbing Club.

The speaker, who also will show slides and use tape recordings with his talk, will follow a "sampling" supper, which begins at 6:30. The event is a fund-raising project for the sorority, and the public is invited to attend.

## Special School Board Session Tonight On Recreation Plans

The School Committee is scheduled to meet in special session tonight to consider plans for the development of the High School area for athletics.

School Board Member Robert McIntyre who, with Donald D. Dunn and Supt. of Schools Edward I. Erickson have been studying the problem since last spring, have felt that some workable plan can be presented to town meeting for part of the area. McIntyre urged the Committee to insert an article in the annual warrant, covering at least the proposed track and utility areas.

The latter section would be usable for tennis, basketball, skating, and some other activities. The Committee has previously agreed that such facilities, if prepared for use of the school system, should also be made available in the

summer for town-wide use, possibly under the sponsorship and guidance of the Recreation Committee.

Although some members of the School Committee, at a meeting Jan. 10, were sceptical that a workable plan can be prepared between now and town meeting, McIntyre and Supt. Erickson urged a special meeting to consider the subject. They felt that, between the School Board meeting and tonight, there could be some definite cost estimates obtained.

McIntyre told the Committee that drainage engineering on the site is a simple matter, and that problems of this nature can be easily and quickly solved. Placement of the

Can the flood of gravel pits be restrained by rigid restrictions? This is one of the several perplexing questions the Selectmen will discuss with Town Counsel Fredric S. O'Brien next Monday night.

They went to find out how far the Board can go in refusing permits, as the official agency designated by the by-laws to handle gravel pits.

Selectman James D. Wilson focused attention on the problem last Monday night, urging the Board to make some firm decision on the issuance of permits.

He pointed out that one major highway contractor has plans for at least 16 gravel pits, if all his present and planned requests are approved. Other contractors also

## Services To Voters, Candidates League Offers Election-Day

The League of Women Voters has voted to offer two election-day services, and to take its annual candidates' meeting into four sections of town.

The Board of Directors, after

reviewing its non-partisan policy, has agreed to:

Check voters at the polls election day, calling all those who have not voted by noon and reminding them that they have only a few hours left in which to do so. The League will also offer transportation for anyone needing a ride to the polling places.

In years past, most candidates have individually posted workers at the polls to check off those who have voted, as the basis for an

afternoon telephone campaign. The League will not urge the selection of any one candidate, but has agreed to perform the checking and telephoning services for the candidates.

The Board of Directors also has planned to hold its meetings in four sections of the community prior to the election, so that voters all over town will have an opportunity to hear the candidates and ask them questions.

Formerly, the meeting was confined to one night, in the Central School.

The first of these meetings is (Continued on Page 18)
